Note Continued

The Comptroller was informed accordingly in this office No. 7L 1563 dy 18/3/1903. In reply he states that ~~as soon as~~ ~~in future~~ he suggested the introduction of a form similar to the Madras Budget Page 202 without any explanation in this matter the form itself was ~~not~~ thought to be self explaining, that it is a form adopted by the Financial Dept. of the Govt. of India, and that as Govt. in para 3 of Govt. order No. 1150-1192/8-1901. of 7/2/1903 ordered the adoption of the Financial rules drawn on the lines obtaining in British India he suggested the adoption of this form. He further states that in British India the Financial Dept. fixes the percentage of collection to be made under Land Revenue and the Revenue Dept. of the Provincial Govt. States to make the collections so as to reach the percentage fixed, and that ~~if~~ hitherto the Estimates under

under Land Revenue were based only upon the figures furnished by the Deputy Commrs without any reliable data for checking figures and that if Estimates were prepared on the data obtained on the proposed form they are likely to prove more accurate than they have been hitherto. The Statement, he says, will be published as Appendix to the Budget Estimate and only the total figures shown under Collection will be taken to the body of Estimate. The heads to be shewn in the Statement are

1. Assessment on Lands (with detail
2. Interest
3. Miscellaneous (with detail
4. Rent on Forest Trees.

The Budget Estimate Columns for 1902-03 will be blank this year as

as the Settlement is the first of its kind. The column of Revised Estimates for 1902-03, he says, will be worked out from the Cutch-Jamabandi Accounts received from the Districts. The Jamabandi Accounts received from the Districts supply details of the Demand for Lukhmi but does not show details under the different items as stated above.

Estimates for 1903-04, he says, will be framed basing the calculation on the revised Estimates for 1902-03, on Prospective.

The figures under the 3 heads of assessment on Lands (2) Quit rents (3) Miscellaneous for the year 1-02 are available in this Office but the figures of different Taluks are not given separately in the Annual accounts received from Districts. Hence these are not

available. The details for

COMPTROLLER, GOVT. OF MYSORE.

To H.V.Manjundayya, Esq., M.A.M.L.
THE SECRETARY TO THE GOVT. OF MYSORE,

Financial DEPT.

SIR,

Reference Government Pro: No.FL1563 of 18th Instant asking for a more detailed report, in re the addition of an Appendix showing certain details under I Land Revenue in a form similar to page 202 of the Madras Budget Estimates.

Sir

With reference to the above, I have the honor to state that as Government have in para 3 of their order No.1150-1192/15-1901-C of 27-2-03 ordered the adoption of the Financial Rules drawn on the lines obtaining in British India, the introduction of a form similar to the Madras Budget page 202, was suggested without adding any explanation as the form itself was thought to be self-explaining.

2. It is a form adopted by the Financial Department of the Government of India. The Financial Department fixes the percentage of collection to be made under Land Revenue and the Revenue Department of the Provincial Government strive to make the collections so as to reach the percentage fixed.

It is for this purpose not for any further information in regard to detail heads that the reference was made.

3. Hitherto the Estimates under Land Revenue Receipts were based only upon the figures furnished by the Deputy Commissioner of Districts without any reliable data for checking the figures. If Estimates be prepared on the data obtained in the proposed fo

form they are likely to prove more accurate than they hitherto have been.

4. The Statement itself will be published as an Appendix to the Budget Estimates and only the total figure shown under collection will be taken to the body of the Estimates.

5. The Statement is to have the following Major heads :-

1. Assessment on Lands.
2. Quit Rent.
3. Miscellaneous.
4. Rent on Toddy Trees.

Details for items 1 & 3 i.e. Assessment on Lands & Miscellaneous need alone be given.

The Budget Estimate Columns for 1902-03 will be blank this year as the statement is the first of its kind.

The Column of Revised Estimates for 1902-3 will be worked out from the latest Jamabundi Accounts received from the Districts.

The Estimates for 1903-4 will be fixed basing the calculation on the revised Estimates for 1902-3, season prospects &c.,

Page 202 of the Madras Budget is herewith again forwarded for reference and favour of return.

If these details cannot be furnished this year before middle of next month the Estimates will be based upon the District figures as hithertofore.

I have the honor to be,

Sir,

Your most obedient servant,

Comptroller.

Correspondence ending with letter No. 5523/90 dated 4th April 1903 from the Comptroller to the Government of Mysore.

Order thereon

The Comptroller proposes to publish as an appendix to the Budget Estimates of the State, a demand Collection and balance Statement following as far as possible the form adopted by the Govt of India. He is of the opinion that estimates prepared

prepared on the data obtained in the proposed form, would prove more accurate than they hitherto have been.

Government observe that in attempting to adopt the form, figures as entered in the accompanying Statement can alone be supplied, correctly for 1901-02 and approximately for the succeeding two years, from the returns submitted by the Deputy Commissioners.

In the absence of full details, it seems inadvisable to publish the appendix, at least this year. From next year, the Deputy Commrs will forward with their Budget-Estimates a Supplemental Statement in the form referred to above and with full details.

Order:—

Government do not see the necessity of this new form being adopted.

The explanation given for the suggestion is not understood, as the direc- para 3 of the order of 7 Feb 1903 does not (as the Comptroller states) lay down orders the final adoption of the financial rules therein laid down, and does not require the Comptroller to suggest

any further rules which he may deduce by the application of the same method.

The D. C. B. Statements do not contain the ~~has~~ detailed information which the Comptroller now requires. Further returns will have to be called for; and Govt ~~have~~ do not consider it advisable to add to the number of returns due from Dy Commrs without unavoidable necessity being established.

The Comptroller says that hitherto the estimates under land revenue heads were based only on the figures furnished by Deputy Commrs, and

wants it to be inferred ~~insinuates~~ that they were not reliable. But it is difficult to see why they ~~said~~ should be less reliable than the figures which the same Dy Comm^r will have to supply to this office.

~~Under~~. It is a well understood rule that the Revenue department is mainly responsible for Collection; and as annual jamabandi settlements and the various reports and returns submitted in that Department, have hitherto sufficed to supply an adequate check on the work of Collection, Govt can-

not see any necessity for the introduction of any alteration in the ~~new~~ form of account ~~of any change of sys~~ as proposed in this respect.

Dear Mr Subbarayar,

With reference to what was agreed upon the other day about an appendix form for land Revenue Budget estimates, I enclose herewith a draft order with form for adoption. The details can all be easily supplied by the Deputy Commissioners from Jamabandi goshwaras. Please let me know whether this may be laid down as the form to be adopted.

The chief difficulty however is that you can obtain the estimated figures for a year only about the close of the period.

Yours Sincerely,
Sd/- H. V. Nanjundayya

Dear Mr. Nag Jamdar,

With reference to your D.O. of yesterday's date, re the Appendix form for the Land Revenue Budget Estimates, I herewith append a rearrangement showing all the details.

As I understand that the Taluk Jamabundy is usually completed by the end of December, the revised Estimate of the current year can be based upon the actuals of this Jamabundy. When the Revised Estimate is so fixed, the Estimate for the following year can be framed on the basis of the Revised Estimate with modifications or additions that any anticipated special circumstances may require. At all events, however, data that Deputy Commissioners have hitherto been using in framing their Lump sum Estimates may without difficulty be given in details in the accompanying form.

The enclosures are herewith returned.

Yours Sincerely,

E Thompson
